

Dear Valued Patients,

We're reaching out to advise you that there will be an increase of \$10 to our consultation fees, to be put into effect on the 1st July 2022. We have not had an increase to our services since 2018, and unfortunately, this increase is due to the rising costs of equipment and goods.

Capital Eye is committed to offering you the quality you expect and deserve while still sourcing the best possible lenses, frames and equipment.

All appointments made before 30th June 2022 will be honoured with the current fee structure, so we highly encourage you to book soon.

Capital Eye greatly appreciates your continued business and support through this time of growth and change. If you have any further questions or concerns regarding this fee increase, please do not hesitate to reach out. Our team is more than happy to discuss this situation with you.
